

From the very beginning **SMD** dedicated all its efforts to provide the most efficient solutions to furniture designers and customers, leading the fashion and latest trends of furniture designs, providing elegant wide range of decorative handles, knobs & other accessories.

## SMD

Was established in Egypt since year 1986 as an eminent manufacturer and exporter, of a wide range of plastic furniture hardware fittings, in order to satisfy the increasing needs of the furniture industry in Egypt and worldwide.

**SMD**  
MATERIALIZING  
YOUR  
VISIONS

**SMD** profiles are made of high-quality plastics and are available with surface pattering and in many colors.

Standard length is 2000 mm but however length could be also delivered upon your request.

All profiles are delivered with protective foil. a high-quality adhesive.

from TESA is used for the self adhesive versions.

Our mould department can realise any special customer request.

Furthermore, matching corners, connections, ends, ornamental system, knobs and handles are all available.

**SP Profiles "Special exclusive products"**
